Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicants argue that the data rate is described in the specification as the rate at which the modulator is switched on/off. Examiner will withdraw 112 first paragraph rejection. Applicants argue that De Lange does not recite a data rate; thus, it does not teach modulating pulsed light wave at a data rate that is higher than the pulse rate. Applicants are willing to cancel claims 55-60. Examiner will reconsider Applicants arguments and update search.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)

i) ☐ It is not necessary for applicant to provide a separate record of the substance of the interview (if box is checked).
